

ARTYOM KASHKAROV

PRODUCT DESIGNER | B2B & ENTERPRISE SOFTWARE | DESIGN SYSTEMS
26 y.o | Russia · Remote | kashkarov.artyom@gmail.com | ap4em.com

ABOUT ME

Product designer with more than 5 years of experience in designing web interfaces for B2B and B2C products. I specialize in complex user scripts, corporate services and large data interfaces. Independently developed from scratch a design system for digital services of the urban planning industry in Moscow. It is applied in several working products and used by the team of designers and developers.

CORE SKILLS

Product Design · UX/UI Design · B2B SaaS · Enterprise Applications · Information Architecture · User Flows · Wireframing · Interactive Prototyping · Design Systems · Component Libraries · Interaction Design · Data Visualization · UX Research · Usability Testing · Design Handoff

TOOLS: Figma, Framer, XMind, Jira, Mira, Adobe Illustrator, Adobe Photoshop, Claude, ChatGPT, Blender

PROFESSIONAL EXPERIENCE

PRODUCT DESIGNER (UX/UI) | Moscow General Institute | June 2025 - Nov. 2025 | remote

- Independently designed and built a design system from scratch for Moscow's Urban Development Complex, creating a consistent UI foundation for multiple digital services.
- Defined reusable components, variants, interface states, and shared patterns; the system is used by designers and has a corresponding code component library for developers.
- Designed complex web-service interfaces for construction-related workflows, turning technical requirements and data-heavy tasks into clear user flows and UI solutions.

PRODUCT DESIGNER (UX/UI) | Webinfra | June 2023 — 2026 | Part time, remote

- Designed responsive interfaces for B2B and B2C web products, including complex workflows, dashboards, and data-driven views.
- Translated product requirements into information architecture, user journeys, interactive prototypes, reusable UI components, and developer-ready designs.

Graphic designer | Department of Urban Planning Policy| June 2023 — 2025 | Moscow

- Created presentations and communication materials for government and urban development initiatives, simplifying technical information for stakeholders.
- Designed infographics, diagrams, data visualizations, and consistent presentation layouts.

Web- and Graphic designer | SSL Dragon | August 2021 — 2023 | Remote

- Проектировал адаптивные сайты и лендинги, от структуры страниц до финального визуального оформления.
- Создавал авторские иллюстрации и графику для сайтов, поддерживая целостность визуального стиля.
